

Scientific Program

Sunday | 14 April 2019

TIME	TITLE	SPEAKER
7:30 – 8:30	Registration	
8:30 – 9:00	Opening Ceremony	
8:30 – 8:40	SIWCC President Opening Remarks	
8:40 – 8:50	President of SSAPBS Opening Remarks	
8:50 – 9:00	HE, Dean of Faculty of Medicine Opening Remarks	
Session I A: Burn and burn related care		
9:00 – 9:20	Keynote Lecture: The management of acute facial burn	Shalish Renade
9:20 – 9:40	Keynote Lecture: Tissue expansions: Techniques and indication	Guy Magalon
9:40 – 10:00	Key note Lecture: Faster healing, reduction in scarring and avoidance of surgery in burn patient	Sara Pape
10:00 – 10:20	Discussion	
10:20 – 10:40	Coffee Break	
Session I B: Burn and burn related care		
10:40 – 10:50	Burn Injury - A wound susceptible to infection: Results of randomised controlled trial comparing two wound dressing	Andrezj Piatwoski
10:50 – 11:00	Evaluation and management of the burn wounds	Mohammed Helal
11:00 – 11:10	Perforator Propellar Flap in burn patient	Magdy Abdelmuktader
11:10 – 11:20	Functional Restoration of post burn mutilated limbs : Tips for better outcome	Khaled Nwair
11:20 – 11:30	The quality of medical care of burn patient with rehabilitation	Ahmad Barhameen
11:30 – 11:40	Burn in Elderly Patient	Sara Pape
11:40 – 11:50	Role of skin Substitute in wound management	Shalish Renade
11:50 – 12:00	The adjunctive role of NPWT in reconstruction	Jioon Po Hong
12:00 – 12:10	Novel management of complex defect with VAC therapy	Marwan Alzaroni
12:10 – 12:30	Discussion	
12:30 – 13:30	Lunch	

Scientific Program

Sunday | 14 April 2019

TIME	TITLE	SPEAKER
Session II: Wound management in War		
13:30 – 13:40	Practice of plastic surgery in the battlefield trauma and wounds management	Muhannad Alharbi
13:40 – 13:50	Plastic surgery challenges in war wound management	Atef Emam
13:50 – 14:00	Plastic surgery management of blast injury in KFAFH	Mohammed Almorsi
14:00 – 14:10	Battlefield injuries of limbs: Description and management	Jamal Eldeib
14:10 – 14:30	Discussion	
Session III: Pressure Sore		
14:30 – 14:50	Key note Lecture: Pressure ulcer prevention in ICU	Gulnaz Tariq
14:50 – 15:00	RCT comparing collagen and foam dressings in pressure ulcer	Andrezj Piatwoski
15:00 – 15:10	Development of an interdisciplinary healthcare team for pressure injury management	Abdullah Alshaikhi
15:10 – 15:20	The challenges in preventing pressure ulcers: what opportunities?	Sara Sandroni
15:20 – 15:30	Our way of preventing pressure ulcer injuries at faculty hospital in Prague	Marketa Koutna
15:30 – 15:40	Management of complex wound	Taimoor Albelushi
15:40 – 15:50	Discussion	
15:50 – 16:10	Coffee Break	
Session VI: Wound education, medico-legal aspect and the role of patient Safety		
16:10 – 16:25	Medico-legal aspect of wound care	Khalid Mattar
16:25 – 16:40	Patient safety and wound infection	Abdulelah Hawsawi
16:40 – 16:55	Role of education in wound care	Gulnaz Tarik
16:55 – 17:10	Moral wounds	Basim Jamal
17:20 – 17:30	Discussion	

Scientific Program

Monday | 15 April 2019

TIME	TITLE	SPEAKER
Session V a : Diabetic Foot and Vascular related wounds Lower limb wounds		
8:00 – 8:20	Keynote Lecture: the role of microsurgery in salvation of diabetic foot	Jioon Po Hong
8:20 – 8:40	Keynote Lecture: Treatment of diabetic foot ulcer: Is lipografting an alternative to the coverage with flap	Norbert Pallua
8:40 – 9:00	Use of bilayer matrix for wound coverage with diabetic foot	Suhail Masade
9:00 – 9:10	Discussion	
Session V: Infection		
9:10 – 9:20	The role of perforator flaps to heal chronic osteomyelitis	Jioon Po Hong
9:20 – 9:30	Surgical site infection	Tarik Madani
9:30 – 9:40	Gap in understanding Hidradenitis Suppurativa	Maysaa Ashmawi
9:40 – 9:50	Microbial biofilm and persistent prospective	Maher Alahmadi
9:50 – 10:00	Biofilm in diabetic foot: an added Challenge	Maram Alkhateeb
10:00 – 10:20	Discussion	
10:20 – 10:40	Coffee Break	
Session V b : Diabetic Foot and Vascular related wounds		
10:40 – 10:50	The role of human amniotic membrane in management of Diabetic foot ulcer	Nashaat Ghandoura
10:50 – 11:00	Wins and losses of diabetic foot salvage	Khalid Edrees
11:00 – 11:10	Healing hard to heal DFU by ADM	Tauqeer Malik
11:10 – 11:20	Surgical offloading of diabetic foot wounds	Hani badahdah
11:20 – 11:30	Treatment modalities and complications of charcoat foot and ankle	Ali Alamoudi
11:30 – 11:40	Reversed sural flap for foot and and ankle soft tissues reconstruction	Mahmoud Ali
11:40 – 11:50	Reconstruction techniques in pedal amputation	Suhail Masade
11:50 – 12:00	Current status of Venous ulcer management	Wesam Abuznadah
12:00 – 12:10	Compliance with Wound care staff guidelines	Mousa Asiri
12:10 – 12:30	Discussion	
12:30 – 13:30	Lunch	

Scientific Program

Monday | 15 April 2019

TIME	TITLE	SPEAKER
13:30 – 14:30	Complex Wound : Ask the Panelist	
Session VI: Regenerative Surgery & Miscellaneous wounds		
14:30 – 14:50	Key note Lecture - EPC in plastic Surgery : Basics in Regenerative surgery	Andrezj Piatwoski
14:50 – 15:00	Recent advanced in management of abnormal scar	Sabah Moshref
15:00 – 15:10	Microfat, Nanofat and PRP in wound healing	Guy Magalon
15:10 – 15:20	Approach to wound management: Regenerative vs Re-constructive	Ziyad Alharbi
15:20 – 15:40	Discussion	
15:40 – 16:00	Coffee Break	
Session VII: Wound Research		
16:00 – 16:10	Application of negative pressure therapy on skin grafts after soft tissue reconstruction : a prospective cohort study at KAMC	Bayan Alsharif
16:10 – 16:20	Testing efficacy of pressure injury prevention bundle in improving the skin integrity in ICU patient	Nahla Tayyib
16:20 – 16:30	Comparative study of an enzyme alginogel versus silver sulphadiazine in the treatment of deep partial thickness pediatric burn	Ahmed Mohammed
16:30 – 16:40	A comparison between the clinical effectiveness of collagen wound dressing and self adaptive Wound dressing in treating pressure ulcer	Ghassan Watfa
16:40 – 16:50	Effectiveness of caregiver oriented transitional care program in promoting preparedness of caregivers for home care of burn patients	Jun Jun Dualan
16:50 – 17:00	A breakthrough in the management of neuro-ischemic diabetic foot ulcer.	emilio Galea
17:00 – 17:10	The effect of educational program on nurses knowledge about pressure ulcer in hospital setting	Abdulaziz bin kana
17:10 – 17:20	A summary of the finding on the prevention of pressure sore injury obtained from a pilot study	Marketa Koutna
17:20 – 17:30	Discussion	
17:30	Closing Remarks
